

2021
ROSÉ OF SYRAH
VIVIO VINEYARD
BENNETT VALLEY

Brangelina has one. So does Sarah Jessica Parker. And Drew Barrymore. And that's just the actors. Sting, Bon Jovi, John Legend – they all have their own Rosé brand. Maybe it's time we did a little name-dropping.

The boldface name behind our 2021 Rosé is none other than Philippe Melka, who Robert Parker lists as one of the top nine winemaking consultants in the world. We'll be collaborating with him from here on out but right now here's what's in your glass.

The color is a pale copper-orange. The nose offers wild strawberry and white peach. The mouth has strawberry, nectarine and Kaffir lime, coupled with bracing acidity. Z-z-zing! This tartness carries through to the finish, which adds white grapefruit and persimmon to the mix. There is zero fat on this wine. Which is exactly how you want it when you're sitting around the pool looking fabulous.
